The time period for reply, if any, is set in the attached communication.

### **DETAILED ACTION**

1. This Office Action is responsive to communication filed on 06/02/2009.

#### ***Response to Amendment***

2. The proposed amendments to claims will not be entered because they would require further search and/or consideration. For example, claims 1, 26, 27, 28 and 29 now recite "the presentation data being divided into a at least one still picture units, the presentation data not including audio data, the still picture unit including the at least one still picture and associated graphic data, the still picture and associated graphic data in the still picture unit configured to be reproduced synchronously". The previous underlined arrangements were not previously defined, thus making the amended claims more specific and necessitating further search/or consideration. Independent claims 1, 26, 27, 28 and 29 thus would require further search and/or consideration.
